**SOLUTIONS**  
GROUP

From Modified Standard Conveyors  
to Complete Custom Designs

**DORNER**<sup>®</sup> 

The Engineered Solutions Group is a designer and manufacturer of modified standard conveyors to complete custom designs. We provide innovative solutions to increase your line's performance and achieve better results. It's a fact: The performance of your production line directly affects your bottom line. With a custom-designed conveyor system in place, your products are processed faster, your services are delivered quicker, and your profits are increased with the help of highly specialized engineering technology.

*LET US HELP YOU ELEVATE YOUR SUCCESS WITH A CUSTOM CONVEYOR DESIGN!*

## Full Service Team

Our Engineered Solutions Group provides customized conveyor systems for your specific application by leveraging years of collective experience and skills from:

- Mechanical Engineers
- Electrical Engineers
- Application Engineers
- Designers
- Drafters
- Project Managers
- Installers

## Services Offered

- Mechanical Design
- Concept/Design/Needs Analysis
- Layout/Modeling 2D/3D
- Phased Engineering
- Controls (PLC's/Servo's/HMI's/  
Panel Builds)
- Installation
- FAT and SAT
- Project Management
- Replacement & Spare Parts  
Programs

## Product Handling Solutions

- Routing/Manipulation
- Diverting/Laning/Merging
- Singulating
- Accumulation/Buffering
- Pacing/Gapping
- Traffic Control/Flow
- Orientating/Positioning
- Rotating
- And More!

90 Degree Transfer with Product Stager

Vertical Conveyor  
with Vibratory Feeder

# COMPLETE SYSTEM INTEGRATION

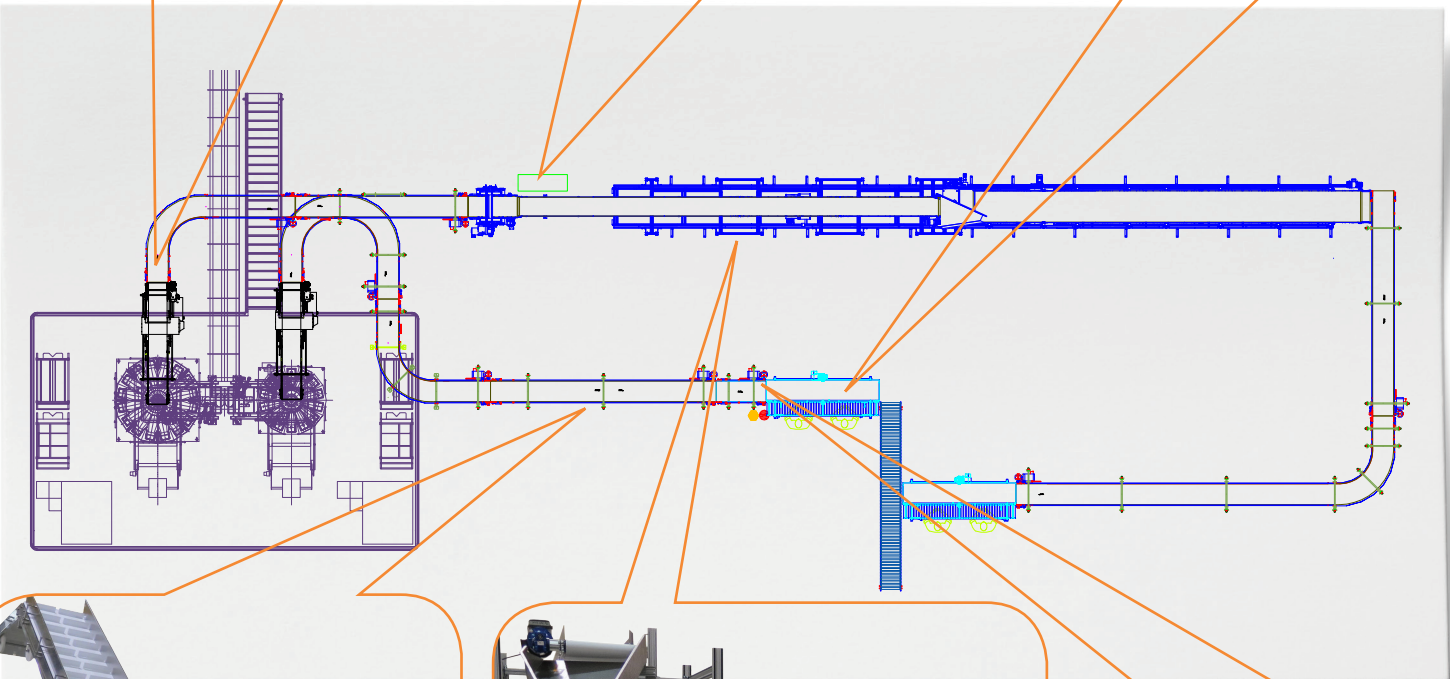

Metal Detector

Control Panel

Hand Pack Station

Elevation Change

Storeveyor/Accumulation

Check Weigher

# INDUSTRY LEADING TECHNOLOGY

**Depositing Retracts**

**90 Degree Pop-up Transfers**

**Product Pacing and Grouping**

**Product Separation**

**Sanitary Retracts**

**Accumulation**

**Product Spacing**

**Merging Lines—4 to 1**

## The Benefits of Working with Dorner's Engineered Solutions Group:

We offer the application, design, and engineering knowledge from start to finish that will make your production line more efficient, provide higher output, and help boost your bottom line.

Simple or complex, small or large, we are committed to providing solutions that deliver the highest value and the optimal fit for the application.

Our strength is solution flexibility, customer responsiveness and operational excellence. With the industry's best quality, speed and ease of doing business - we deliver the complete solution, on time, and within budget.
